

Frequently Asked Questions

Do You Offer Assistance With the Self-Service Dog Wash?

Yes, we can offer assistance to help get you started in the self-serve dog wash. If you find that you would rather have a staff member bathe your dog for you, we offer that service as well! Often, we find pet parents are comfortable with the bathing part of the self-serve dog wash, but would like assistance with nail trimming. We will be happy to trim toenails for you (\$10 fee).

Can My Kids Help Give My Dog a Bath in the Self-Service Dog Wash?

Absolutely! The self-serve dog wash is a huge hit for families. Here are our rules for keeping your kids, dogs, and other people safe:

Children under 16 years old must be accompanied by a responsible adult.

The dog washing stations and shampoo are specially designed for our fur babies. Please do not allow your child to ingest the soap or use the dog wash to wash themselves!

Children must stay in your station with you at all times. Not all patrons of our store are used to being around children- for their safety, please keep them with your pack!

Self-Serve Dog Wash Fundraising Events

Just Dog People makes it a point to remain active within our local communities. One way we can give back and help local causes is to host Self-Serve Dog Wash fundraising events.

Schools, pet rescues, police, paramedic, fire/rescue groups, and youth sports teams are just a few groups that can benefit from these fun-fundraisers.

Dog owners love the simplicity of Self-Serve Dog Washes, and allowing them to wash their dogs AND help a worthy cause is beneficial to everyone. Contact us to find out how our Self-Serve Dog Wash can help your group!
